Araba d'Egitto
Roma*

L'Ambasciatore

Rome, 21st September 2015

Dear Mr. Pistoia,

Have read your mail dated 10th August.

The expansion of the Suez Canal is one of the mega projects that entails both social and economic benefits to Egyptian people, through enhancing the Egyptian national economy and turning Egypt into an international logistics centre.

Am glad to remind that eng. Luigi Negrelli, from the Trentino region, planned the Suez Canal in the first half of the XIX century.

With my best regards.

*Amr Helmy
Ambassador of Egypt*

Mr. GianAngelo Pistoia

20, Via Pomaia
